<b>FDA-Cleared Indications</b>	mild to moderate obstructive sleep apnea	snoring	not evaluated by FDA
<b>Description</b>	FDA-cleared, clinically tested, prescription EPAP device for OSA. Soft nasal seals also create nasal dilation. Reusable. Requires no machine or power. Very small, simple to use and requires no assembly. Can be worn with or without headgear. User-friendly option for noncompliant CPAP patients or for travel. Comes with drying stand & travel case. Designed & made in the USA.	Optipillows EPAP Mask allows users to adjust the resistance to fit their specific pressure requirements (1.5-14.5 cmH2O). Optipillows was designed by a sleep physician, is comfortable, quiet, reusable, optimal for travel, economical, and requires no prescription. Kits include the patented valve, adjustable headgear, and 3 sizes of nasal pillows. Replace annually.	Hupnos is electronically controlled with an AI-powered snoring detector to titrate the EPAP pressure. App detects and records snoring. If user snores while on their back, vibrations cue to roll over.
<b>Sizes</b>	S, M, L, XL included in starter kit	3 sizes of nasal pillows + adjustable head strap included in kit	one size fits all
<b>Materials</b>	soft silicone nasal seals with polycarbonate valve housings	nonallergenic plastic and silicone	medical silicone, microfiber cloth, memory foam, elastic polyurethane
<b>Warranty (days)</b>	90	30 (15-day customer satisfaction guarantee)	365
<b>Payor Coverage</b>	cash pay	MSRP/MAP \$109	\$99
<b>How to Clean</b>	Clean with mild soap and water. No disassembly required.	Clean with mild soap and water.	Clean with mild soap and water.
